EXPANSION A NECESSITY

Fervent Expressions of a Methodist Episcopal Bishop.

Pains and aches come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beaut, and makes one feel as though they had heart trouble, because the heart is over-working to pump the thick, kidney-poisoned blood through the veins and arteries.

Soreness or uncomfortable feeling in the back indicates kidney trouble of no small importance. No More Reason for Standing in the

OBITUARY

James Burt Jones.

James Burt Jones, who had been ployed in the New York subtreasury for thirty-two years, died on Sunday at his residence, 204 West One Hundred and Twenty-ninth Street, New York. He was born in Warwick, Orange county, in 1823, and was a son of Nathaniel Jones, at one time a member of Congress. In the Cali-fornia gold excitement of 1845 he started with a party of friends from Council Bluffs to make the journey overland on foot, ac-complishing it in something more than one hundred days. In California he engaged in mining, and after remaining a few years in that country he came back by a southern route overland and settled in Denver. He went to New York in 1864.

Samuel Nott. Samuel Nott, the oldest railroad constructor in New England, died at his home in Hartford, Conn., yesterday. When he began his work of railroad building there were less than fifty miles in the country. He began with the Boston and Worcester, and Pickhill line, holding the place twenty-one years. He wrote many articles on rail-road building, and was interested in several charitable institutions. He was born in Bombay, India, in 1812. His father was

WALL STREET DEALINGS

Foreign Houses Unloading Shares in the Market.

Sharp Declines Noted in Various Quarters-Brooklyn Rapid Transit Conspicuously Weak - Operations Influenced by the Foreign Political and Financial Situation.

NEW YORK, Oct. 3.-Foreign houses continued heavy sellers in this market upon the opening of business here. In a few stocks a considerable degree of firmness existed; conspicuous examples being St. Paul, Burlington and Quincy, and Sugar eRfining. The declines elsewhere were somwhat extended from one-half point to two points. Brooklyn Rapid Transit was conspicuously weak and active. Sharp de-clines were noted in Colorado Fuel and Iron, Anaconda, and Norfolk and Western,

The fluctuations after the initial dealings were erratic. In addition to the influence upon the market from the foreign politi-cal and financial situation the local, monetary stringency was also a factor in inducing liquidation although the opinion was commonly held that materially easier con-ditions will be witnessed before the close

The stock market this morning was ver much like that of yesterday, with an open ing at material concessions in prices all over the list and little disposition apparent to buy stocks even at the lower level. There was the same uncertainty over the Transvaal situation and money continued tight. Added to this the yacht race was on and many brokers gave up business after the first hour or two. The early tradand the desired and the coalers, the varieties with a steady decline almost everywhere. The grangers, the coalers, the Vanderbilts, and the Goulds all went off from a fraction to a point or more from yesterday's low prices, and the industrials generally were even weaker. Sugar and the Leather issues showed some disposition to hold up in price. Money during the morning, at one time was quoted at 24 per cent and at another at 6 per cent and there was good reason to expect that this erratic condition would continue, which would naturally mean that little or no headway could be made with a raily. The general expectation seemed to be that not much is to be expected of the market this week. It is believed by careful people, however, that stocks should be bought on | Commercial. season. The money situation is sure to be easier in a short time and all the ill effects of a war in the Transvaal have been

The Louisville and Nashville statement for August is a fine one. The gross earnings for the month were \$2,290,009, an increase of \$423,265, and the net earnings were \$771,600, an increase of \$208,000. The gross earnings from July 1 were \$4,456 229 an increase of \$761.816, and the net for the same period \$1,502,425, an increase of \$425,-155. The best feature of this report is the fact that the Louisville management has not adopted the St. Paul policy of eating up all the increase in gross earnings in operating expenses. The net has increased half as much as the gross. To anyone fa-miliar with the great showing made by this system last year this immense increase for the first two months of the new year will be most significant of large possibili-ties in the way of big dividends. Louis-ville went off to a new low level in price this morning much to the disappointment of many who had believed that the report of the company would help the stock.

These full figures of the report of the Reading Company for August are most in-teresting: Railway company—Receipts, \$2,278,188; increase, \$368,648; net earnings, \$861,272; increase, \$21,431. OTIS' INSURGENT VISITORS.

The General's Despatch Made Public by Secretary Root. Secretary Root today made public the ext of a despatch received yesterday from Gen. Otis. The despatch is as follows:

Manila, October 2. Adjutant General, Washington:

Three insurgent officers permitted to enter our lines at Angeles with twelve of our soldiers and two citizens, whom they wished to present as released prisoners. Yesterday in conference endeavored to present communication from insurgent government, which was declined; then presented paper signed by ten of the soldiers, in which soldiers gave parole; this received and held in abeyance; insurgent officers then said that Aguinaldo desired to end war and send civil committee for conference, and were informed that it would not be received. They will be sent beyond the lines tomorrow. The whole affair to be a ruse to obtain some acknowledgement by United States Government. All soldiers returned were stragelers from within our lines captured by robbers; they say they were obliged to sign parole to secure release, though two refused to sign. The whole affair of no significance; viewed as attempt at masquerading. Adjutant General, Washington:

NORFOLK, Va., Oct. 3.-The two childen of Juda Shield, colored, aged two and three years, respectively, were burned to leath in their mother's home, in Hamp ton last night. The fire broke out in the absence of the mother, and the dwelling, which is one of a row of negro in Union street, was enveloped in flames before the blaze was discovered.
